

Ningbo University

Ningbo University, located in Ningbo-a beautiful port city, was established in 1986 and presently stands as a key institution of higher learning in the Zhejiang Province.

About Ningbo University

It is one of the youngest medical universities in China, yet a comprehensive university offering a wide range of learning disciplines, among them more than 10 are globally reputed and ranked for their excellence.

There are around 25,000 undergraduate medical students including residential, part-time and international candidates. It provides complete necessities and amenities suitable for learning and carrying out the research in medical field. The University library consists of approx. 3,310,000 books and a newly set-up CNKI Network Administration Service Centre.

It is spread across in 5 campuses and there are 8 hospitals affiliated under the University for performing the Internships for doctoral students. The well-established short term goal of Ningbo University is to emerge as a best and premier teaching and research orientated university and thus primarily focuses on Research and Development activities. It has been receiving various grants and supports in this from the central, state and regional governments in this regard. Besides, it has attained numerous national and ministerial awards for its innovative projects and contributions in various science and technological grounds. These honours further helped the university to be recognised as one of the top ranked medical universities in china.

Ningbo University, even though don't have a splendid past to its account, has been devotedly working to build and maintain international cooperation and exchanges. Since its establishment, it is been in association with over 80 globally recognised institutes of higher education from over 30 countries and regions like USA, Australia and Canada etc. the University offers many international standard course programs in collaboration with these institutions. On an average, each year 130+ students are sent to foreign universities for academic exchanges. There are 6 distinct course programs that are taught in English in Ningbo University. This has been the major reason for the University to be one among the top medical universities for indian students in china.
