

Southeast University

The history of university dates back to early 1900s when it was founded as Sanjiang Normal College. It was the collective efforts of educational reformers, scholars and the central govt. that lifted the university to become one of the most prominent universities in the whole of China, as it is now.

About Southeast University

Governed by the co-operative efforts of the Education Ministry and the Central Govt. of China, SEU has grown up to become one of the most respected, reputed and preferred hub of education for students both from China and abroad.

Governed by the co-operative efforts of the Education Ministry and the Central Govt. of China, SEU has grown up to become one of the most respected, reputed and preferred hub of education for students both from China and abroad. It is one among the few National Key Universities incepted by the Chinese Govt. The university has also been accredited by the State Council to ascertain and give consent on the qualifications of such faculties as professors, doctoral supervisors and associate professors. The university comes under the Project 211 and is financially supported by the Govt. in establishing a university of international standard and education excellence.

Over the course of its existence and fruitful years of contributing to the learning process of its students, the university has become a comprehensive, research-focusing educational institution offering a myriad of subjects from science, medicine, engineering, management, art, philosophy and education among many others. The university is incredibly fortified with around 1800 Professors or Associate Professors, nearly 830 Supervising staffs for Doctoral Programs, about 1880 Supervising Staffs for Master's programs with many other distinguished faculty members from higher academies and councils of the national level.

The medical schools under the SEU is one of the excellent schools that come under the university providing excellent training and education to aspiring young medical professionals.

The university has excellently equipped to ensure world-class quality in imparting medical education to students from China and other parts of the world.
